

Manufacturer: Slegers

Product: ChemWD

ChemWD maintenance spray is ideal for reducing friction, loosening and reviving seized or rusted parts, silencing squeaks, repelling and sealing out moisture, dissolving grease and offering excellent protection in marine environments. It is an effective universal lubricant, rust preventative and moisture displacer for all your household, workshop and trade needs.

DIRECTIONS

Shake can prior to use.

Hold ChemWD 300mm from area and spray directly onto surface.

To displace water, spray wet surfaces until water runoff is evident.

To protect and seal out moisture, spray a light even coat to surface.

Apply liberally to loosen rusted or seized parts.
